### This Complimentary Service is Brought to You by The Music Educators at ScholarshipAuditions.com

- are done by a series of small things brought together.

- As a music educator your daily work is Greatness.

- No matter what you do, you're making a difference.

- When you make the right connections,

- We empower student performers to recognize, afford, and achieve their collegiate dreams

- Example: Letter from Choir Director to All Choir Members Understanding Your Voice May Change this Year

- Dear Choir Students:  
I hope this finds you well as we embark on a new school year and another exciting season in our choir. Today, I want to share some important news that may affect some of you during this time: the changing nature of our voices as we transition into adulthood.

- As you grow and develop, it is natural for your voice to undergo changes. You may experience a period where your voice becomes more hoarse or less smooth or controlled as before. I want to assure you that this is a normal part of the process, and it happens to all singers.

- During this period, it is important to remember that everyone's voice changes at their own pace. You may notice that some of your fellow choir members experience voice changes earlier than others, or vice versa, or discouraged by this. Your voice will change when the time is right for you. The most important thing is to be patient and allow your voice to transition naturally.

- If you have any questions or concerns about your voice changes or the adjustment to a new voice part, please do not hesitate to reach out to me. I am here to support and guide you through this journey. Together, we will navigate this growth and transition with grace and timbre, and range, and it may take some time for you to adjust and feel comfortable with your new vocal capacity.

- I am excited to see each and every one of you grow and flourish as singers this year. Your dedication and love for music are what make our choir so special. Let's make this a year to remember!

### With Warm Regards,
